CROSS REFERENCE LIST
C SERIES TO PLANT SERIES

1. GENERAL

1.01 This addendum is issued to add Pacific Northwest Bell practices, as are used in Pacific Northwest Bell territory, to the cross reference list of sections re-numbered into the Plant Series.

1.02 The cross reference list includes the base numbers of the sections only. Addenda, appendices and supplements are not listed, since they bear the same number as the main section. Should an appendix or supplement be renumbered into the Plant Series as a separate practice then it will, of course, be listed under its new number.

Add the following to the cross reference list:
